

WONDERS OF SCIENCE

“... bringing life to science”

WONDERS OF SCIENCE IS A MINISTRY OF WHITTIER CHRISTIAN SCHOOLS

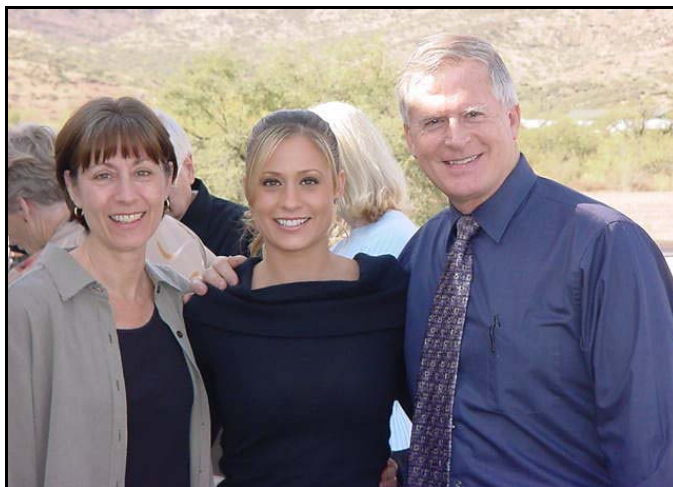

Ortner Family Update

We have had a wonderful year in the Lord's work. In addition to the many school assemblies and seminars done in various cities around southern California, we completed our first science camp in the local mountains. The Lord worked in the lives of our youth in exciting ways that week.

Our summer tour with Wonders of Science took us to the New England area and the upper mid-west. Those incredible opportunities have been reported in the recent newsletters. We thank the Lord for His faithfulness.

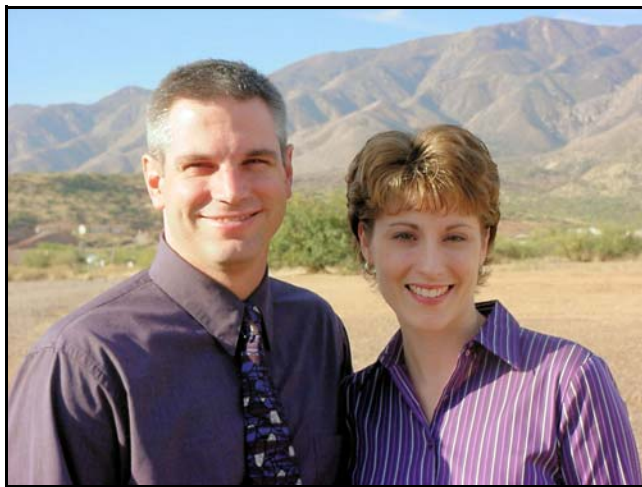

A recent event at our school during the last week of November is covered in the next article. We continue to be amazed at what the Lord brings our way.

The Ortner families wish you a wonderful Christmas remembering the Lord's first coming, but reflecting on His promised return. Thank you so much for being such a critical part of the Wonders of Science ministry.

Terry, Stacy and Dean visit Robert and Stephanie's mission church in Tonto Basin, AZ joining in their celebration of the church's 55th anniversary.

Dean, Terry and family

Robert and Stephanie Melotti continue to watch the Lord increase their flock in the beautiful Tonto Basin, AZ National Park area. For the recent celebration of the church's 55th year, over 220 of the area's residents showed their support.

Steven and Amber celebrated their first wedding anniversary in July.

May God Bless your family this Christmas season!

Ein, Zwei, Drei....Things Certainly Seem To Happen In Three's At Times

Remember back when 9-11 happened? I was in contact with Corina who wanted me to be involved in a German TV network program and she was going to contact me the next week. She was so excited about the WOS program and couldn't wait for her 12 year old son to see it some day. (Newsletter back issue)

Well, she never contacted me the next week because her production offices were way up in the Twin Towers and I'm afraid we've lost her.

Then, two years ago, Sonja, an agnostic, saw some clips of the WOS programs on German TV. She contacted the only Christian ministry she knew of which was Word of Life (they have a castle in Germany for youth retreats). They told her of the Florida conference grounds where I was scheduled to be speaking that summer so she flew to FL to see the programs. She couldn't imagine a scientist believing in God and came to see for herself. (Newsletter back issue).

national). The producer contacted the Regional Director, Dr. Jerry Haddock, and asked him if he could recommend any scientists they could film as they were teaching creation and evolution in the classroom integrating Intelligent Design.

WOS was contacted directly to arrange a date for the video crew to arrive and cover a science class period. What an intriguing series of events that finally brought about this opportunity. The producers would like to see if their program will initiate the teaching of Intelligent Design in the public schools of Germany.

Pray that this unprecedented request will begin a most unusual series of things that will open many more doors for the gospel to ultimately be heard all over Germany.

When the producer had finished all her interviews with the students and me, she made very kind comments about our students. Some of those comments were as follows: "Your

The production crew interviewed several of our students and Dean during the taping.

Now we come full circle. A German TV network has been following the Intelligent Design movement here in the USA and had covered the recent Kansas City school board decisions and all the controversy. One of the producers was made aware of WOS and then checked out the web site. They noticed we were attached to a school and part of an association called ACSI (Association of Christian Schools Inter-

students were very well behaved and very bright. Their answers to my questions were so articulate and mature. I was especially impressed with their ability to focus on class work even with the cameras, lights and mic right in their faces. Such maturity is unusual in most places. Your school represented your country very well."

FREE BOOK OFFER!

Recommended Books & Videos!

A Ministry of Whittier Christian Schools, Whittier, California

COMMENT CORNER...

"It was a blessing to have you on the men's retreat. We wanted to thank you for being in God's service. You have affected young and old minds alike. May God continue to bless you. Thank you for helping us"

-- Vantage Point Ministries --

"You have played such a huge role in my life and you may not even know it. You have expanded my horizons making me dream for high goals and trying my best. Thank you, thank you, thank you...you've changed my life!"

-- Youth Leader --

"I thank you for all the long hours you spend at school preparing for us"

-- Student --

BE INVOLVED!

- Continued contacts and opportunities to share the Gospel through Wonders of Science.
- For the Lord's preparation of hearts and souls of those who will attend the upcoming programs this Winter.
- That God will use the recent German production to reach souls for His Kingdom.

Wonders of Science Counts on You!

It is not too late to order videos and books for Christmas!
